

## Pacific Northwest Invasive Plant Council's EDRR (Early Detection Rapid Response) Survey Form

Please return completed form to PNW IPC, University of Washington, Box 354115, Seattle WA 98195 OR e-mail to [pnw.ipc.org@gmail.com](mailto:pnw.ipc.org@gmail.com) OR submit field survey information ONLINE at: <http://www.eddmaps.org/west/> (use PNW IPC EDRR Survey Form portal on EDDMapSWest page)

<b>*Land Ownership</b> (e.g., Olympic National Forest, DNR, USFS)		<b>*County</b> (e.g., Clallam)		<b>* Name of area surveying</b> (e.g., The Brothers Wilderness Area)	
<b>*Name of Surveyor(s):</b> <u>list all participants</u>			<b>*Trail or Site Name:</b>		
<b>*Total Miles of Trail Surveyed:</b>		<b>*Survey Date:</b>		<b>Wilderness Area?:</b> Yes or No (circle one)	
<b>Total Area Surveyed:</b> (acres, if known)		<b>Trail Start Point (Lat/Long) GPS</b> <u>or get</u> coordinates from EDDMapSWest:			
<b>*Volunteer Hours:</b> (survey hours = total travel time to and from site + survey time in field + data entry time multiplied by (x) the number of surveyors)				<b>Travel Miles:</b> (driving distance to/from site)	
<b>Survey Notes:</b>					

**\* Required fields**

*Plant Name (e.g., shiny geranium or <i>Geranium lucidum</i> ) [At least one photo required for verification]	*Plant Location Latitude DATUM NAD83 or WGS84 in decimal degrees (e.g., 47.57982)	*Plant Location Longitude (e.g., -122.32482) <b>No GPS? Use "Map it" function on EDDMapSWest</b>	*Plant Growth Stage(s) (circle all stages that apply)	*Total Area of Infestation (record units e.g., sq. ft., acres)	*Method if Controlled (e.g., cut flower/fruits, pulled plt.)	*Habitat (e.g., forest, riverbank, roadside)	*Notes (e.g., if controlled how much area and/ or # of plants did you treat, is plant dead?, other observations?)
			Veg    Bud Flower    Fruit Releasing Seed				
			Veg    Bud Flower    Fruit Releasing Seed
